- Malayalam

WORK EXPERIENCE

NEARPAY INNOVATIONS   **2024-NOW**

Flutter Developer

Spearheaded the design and development of three mission-critical applications, streamlining operations for 1,00,000+ users.

- Nearwala Application: Built a robust customer-facing app with features like geolocation and secure payment integration.
.
- Nearwala Manager Application: Designed an application for shops for managing activities of nearwala with advanced analytics and reporting capabilities.

- Nearwala Manager Desktop Application: Delivered a desktop-based solution for large-scale operational management.

ACELER TECH LABS   **2023-2024**

Flutter Developer

Collaborated with a dynamic team to develop and deploy three successful projects.

- Placeorder Mobile Application: First B2B Seller Application in ONDC network. Streamlined the order management process with an intuitive UI and seamless integration.

- Placeorder Web Application: Delivered a responsive web application for sellers on the ONDC network, enabling them to list products and monitor activities.

- Rapidor Version 2: Revamped the existing application with new features, ensuring optimal performance and enhancing app performance by 40%.

FREELANCE MOBILE APPLICATION DEVELOPER   **2023 - NOW**

Flutter Developer

Consistently delivered high-quality applications for diverse clients within tight deadlines, including the Eduklader ecosystem (Teacher, Parent, and Admin applications), a Car Parking Management system (Admin and User Login), and a comprehensive Hotel Management system (Admin and User application).
